Sahajayoga Meditation Session Report

Date: 15/02/2024 Time 2 Hr.

Trainer: Mr. Suhas Devmore, Co-ordinator Sahajayoga Trust, Kolhapur

Beneficiary: 70 Students of F.Y. B.Tech

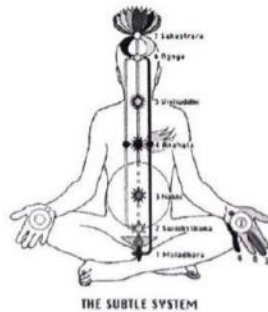

Contents of Session:

Introduction to Meditation:

Sahaja Yoga is a unique method of meditation based on an experience called Self Realization (Kundalini awakening) that can occur within each human being. Through this process an inner transformation takes place by which one becomes moral, united, integrated and balanced.

Awareness of Subtle system in Body:

Inside every human being there is a network of nerves and sensory organs that interprets the outside physical world. At the same time, within us resides a subtle system of channels (nadis) and centers of energy (chakras) which look after our physical, intellectual, emotional and spiritual being.

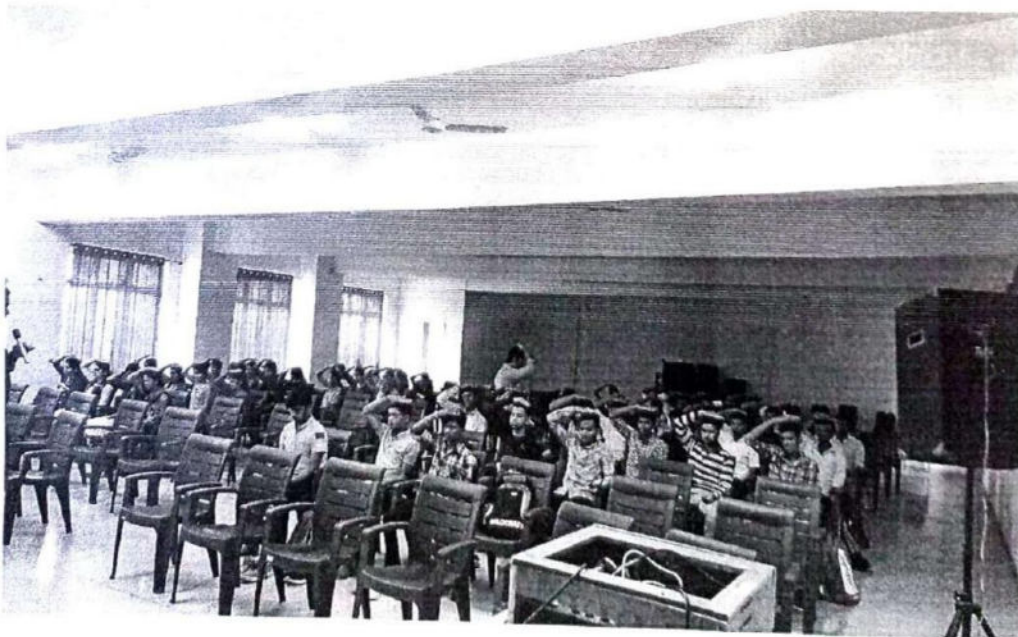

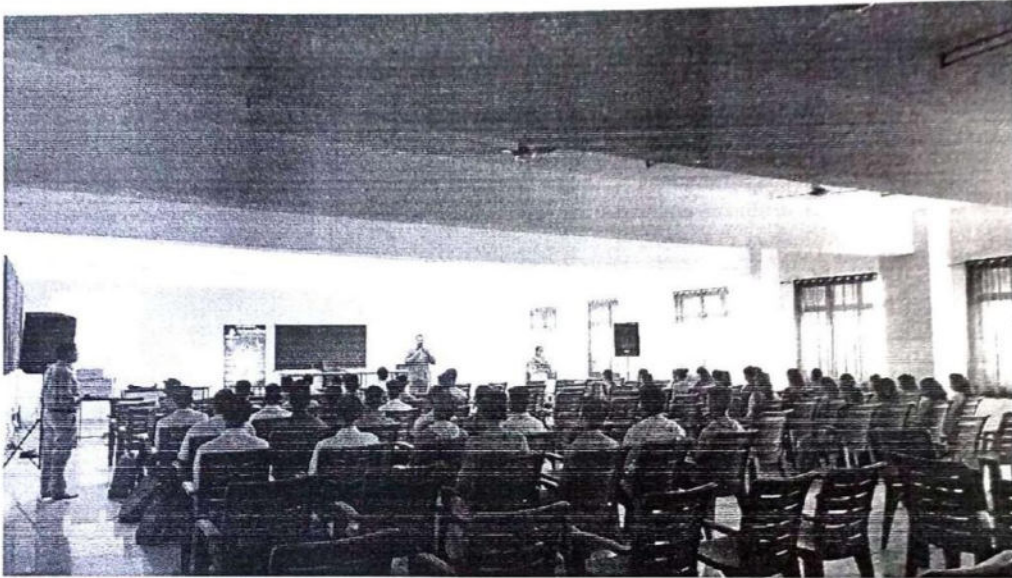

Steps in self realization:

Now, after the end of the meditation, see if you are feeling relaxed and if your thoughts have slowed down or gradually disappeared. This is the first stage of meditation - thoughtless awareness - where you are fully alert but without any thoughts, in a state of pure and peaceful consciousness.

We would like to offer grateful thanks towards you for speaking with girls about depressions and their health. We were astonished by fascinating facts about depression and about psychiatry. It's important for people to learn about depression, to talk about depression, and to educate others about depression.

And thank you for sharing the shut-up-and-listen approach. It sounds like a good piece of advice for a large number of situations.

We also appreciate you for making time in your busy schedule to speak to our students. We will be looking forward to having more of your presence in future events.
Thank you again for your time.
