 The department Electronics and Telecommunication Engineering was started in 2009 with basic intake 60. The goal of department is to provide students basic knowledge of electronics and update their knowledge in innovations in telecomm field. With the emerging needs of industries the institute has started use and shift for IIG in E&TC with intake 60 in 2012-13. The PG & G-subatic programme was started in E&TC with intake 18 in 2015-16. The department has highly qualified and experienced faculty. The department provide various equipments to students such as: Wave Propagation Kit, CPLD/FPGA kits, ISON and Mobile Trainer Kit, Microwave Test Bench, Antenna and RADAR trainer kit, MATLAB and OCAD softwares etc.

A programmable logic controller (PLC), is an industrial digital computer which has been ruggedized and adapted for the control of manufacturing processes, such as assembly lines, or robotic devices, or any activity that requires high reliability control and ease of programming and process fault diagnosis. They have been widely adopted as high-reliability automation controllers suitable for harsh environments. Sanjeevan Engineering & Technology Institute, Panhala

Sanjeevan Engineering & Technology Institute (SETI) is an Autonomous Engineering Institute (AIET) established in 2009 within shortest period of time, it has achieved an excellent ranking quality in technical education at undergraduate level. It has 2 UG & 2 PG Degree departments that it offered, experienced and dedicated faculty and over 1300 students and several centers of excellence. SETI has an excellent infrastructure with world class state-of-the-art, advanced laboratories, Lab and language lab, Wi-Fi Campus, sports ground and necessary equipments in laboratories, central gymnasium, swimming pool, and outdoor stadium, bus stand for students and faculty from Kolhapur and UPI, succession plan for faculty, projects and 5% admission fees for less meritorious students.

Sanjeevan Engineering & Technology Institute is a rapidly growing and a lot of students are joining the institute. The Department of Electrical Engineering was established in 2010. The department of Electrical Engineering has a track record of students who are placed in well-reputed companies like Electrical companies, Power System, Control System, Design and Production, High Voltage for Home Electrical & Electronics, method uses remote & Monitoring Instrument, etc. These labs and students are not just the University curriculum but also industry requirements. In addition to that many additional extra-curricular activities are being conducted for the students to give them an edge. Knowledge in the fast-paced world of Electrical Engineering is a must for any student who is looking for a job. The department has a very good track record in the past few years. We provide programs for students to study in competitive exams like GATE, IIT-JEE, etc. For the last year, many more students of our department have secured ranks in the list of Shivaji University, Kolhapur. This progress, driven by the department, they are proud of. The progress, driven by the department, they are proud of. The progress, driven by the department, they are proud of.

One Week FDP "Recent Trends in Mechatronics using PLC"

Title of Workshop : " PLC Programming + Automation"
Duration : 19th – 23th June 2017.
Resource Persons : Mr. Bahubali Patil, Mr. Pratik Ghorpade.
Convenor : Prof. V. S. Mane and Prof. P. P. Kulkarni
Co-ordinator : Prof. S. T. Jadhav and Prof. V. T. Metkari

Programme details:-

Electrical and Electronics and Telecommunication Engineering department organized a One Week FDP on " Recent Trends in Mechatronics using PLC" from 19th – 23th June 2017 at Programming Laboratory, Sanjeevan Engineering & Technology Institute, Panhala.

The chief guest and first Resource person for the course was Mr. Bahubali Patil, Sr. Engineer, Microtech, Kolhapur.

The Second resource person was Mr. Pratik Ghorpade, Sr. Engineer Microtech, Kolhapur, along with Mr. Nitin Veer, Manager, Microtech, Kolhapur.

For this course 22 staff from Electrical and Electronics and Telecommunication and Electrical Engineering Departments were present from our college. This event was inaugurated by chief guest Mr. Bahubali Patil along with Dr. G. V. Mulgund, Principal, Prof. V. S. Mane, HOD, E & TC Dept. and Prof. P. P. Kulkarni, HOD, Electrical Engg. Dept. SETI, Panhala.

Our first Resource person Mr. Bahubali Patil delivered the session on fundamentals of Mechatronics using PLC, which skills are required to become an programmer.

Our second Resource person Mr. Pratik Ghorpade delivered the session on Automation, designing, installation and services of small, medium and large industries. How to provide solutions on various problems faced in different industries for various projects.

Staff of both the different departments learned and enjoyed all the sessions enthusiastically. This programme will be useful for staff as a first stage on the path of PLC Programmer.

The vote of thanks expressed by Prof. S. T. Jadhav.

About the Institution

Sanjeevan Engineering & technology Institute Panhala was established during academic year 2009-2010 to empower the technical manpower in professional courses. The institute has the vision to develop the students with a disciplined and integrated personality and to achieve academic excellence, thus making SETI the first choice of students and staff.

Sanjeevan Engineering & Technology Institute Panhala has witnessed significant growth within a period over 9 years and stands out as one of the best engineering colleges in western Maharashtra.

About the Department

The Department of Computer Science & Engineering, established in the year 2009, has been so structured, in terms of experienced staff and excellent laboratory facilities. The department is offering both B.E with an intake of 60.

About the workshop

In this world of rapidly growing technology. In recent years, the usage of computer has been enhanced rapidly all over the world. No task is completed without a computer. It plays a vital role in any technology which gets updated. A computer is more like a mini office where all our data and information are stored. At the same time, all the computers will have a particular lifetime, and it's parts get damaged. So there is a significant demand for servicing the computers.

WORKSHOP CONTENTS

Module 1. Hardware Components

1. Introduction To Hardware Components
2. Random Access Memory (RAM)
3. Types Of RAM & Their Speed
4. How To Add Memory To A Computer
5. Problems When Installing Memory
6. Central Processing Unit (CPU)
7. Types Of CPU
8. Considerations When Buying A New CPU (Types & Differences)
9. Different Speeds Available For CPU And What Do They Mean
10. 32 Bit Vs 64 Bit – Which One To Choose & Why?
11. How To Choose A CPU Type For Different Needs?
12. Graphic Card & Types
13. How To Install A Graphics Card
14. Intalling A CD Or DVD burner
15. Jumper Switch Settings
16. Different Ports And Why We Use Them - USB, PS2, DivX
17. Graphic card & types
18. Virtual Memory And How To Configure It For Optimum System Performance

Module 2. Basic Diagnostics

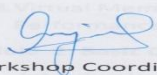

1. Introduction To Diagnostics
2. Software & Hardware Diagnosis
3. Registry Cleaner, Virus Scanner And Spyware Detector
4. How To Diagnose Hardware Failures
5. How To Configure The BIOS.

Module 3. Diagnostic Testing (Common Troubleshooting)

1. Power Up
2. Boot Drive
3. Errant Keyboard
4. Mouse Problems
5. Slow Computer Performance
6. Computer freezes and displays BSOD (Blue screen of death)
7. No Display On Monitor
8. No Sound
9. Computer Rebooting Or Turning Itself Off
10. How To Troubleshoot A Computer That Does Not Boot

Module 4. Assembling Your PC

1. Understanding Which Parts To Put In First
2. Working With Motherboard And CPU
3. Replacing Fan
4. Assembling The Motherboard
5. Wiring It All Together
6. Common Mistakes And How To Avoid Them During Assembling
7. Checking For Faults After Putting It Together

About the Institution

Sanjeevan Engineering and Technology Institute (SETI) is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. Sanjeevan Engineering & Technology Institute (SETI) is long cherished dream of Founder-Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from nook and corner of the country.

Holy-wood Academy, Kolhapur known as Sanjeevan Knowledge City, Panhala, has the wings : Sanjeevan Public School, Sanjeevan Vidyaniketan, Chhatrapati Shivaji Junior College and Sanjeevan Engineering & Technology Institute (SETI).

SETI established in 2009, within shortest period of time, it has evolved into an institution imparting quality in technical education at undergraduate level. It has 6 UG & 2 PG, 2 Diploma departments about 96 talented, experienced and dedicated faculty and over 1500 students and several centers of excellence. SETI has an excellent ambience of library with digital mode and online journals, advanced Core-2 Duo Computer Lab and language lab, WI-FI Campus, modern approach and necessary equipments in laboratories, hospital, gymnasium, swimming pool, and outdoor stadium, bus facility for students and faculty from Kolhapur.

About the STTP theme

Now a days, FEA and CFD basic knowledge and software has become very essential tools for engineering professionals as well as scientists/researchers to develop simulation models, to perform analysis, for optimization & decision making. Knowledge of using modeling packages like AutoCAD, Pro/E, SolidWorks, CATIA etc. is not sufficient. Engineering professionals, scientists and researchers are also expected to know, how to control the solution of the problems and customizing it as per the requirement. Many times data exchange between different software packages has become necessary to utilize expertise of different software packages & requires a neutral software tool like ANSYS, LS Dyna, Fluent etc to take the input from software, perform computations & also, output the results to another software package. FEA and CFD are excellent tools for visualisation, manipulation & interpretation of engineering data as well as performing various real life problems computations.

The workshop information brochure can be download from our website www.seti.edu.in

Who should attend

Faculty members/research scholars from academic Institutes and Scientists/Engineers working in Private/Public/Government Organizations/Industries, Research & Development establishments etc. can attend the workshop. As the training program is of interdisciplinary in nature, students of disciplines like Mechanical Automobile, etc. are encouraged to participate. This workshop will provide preliminary and advanced knowledge about the use and application of FEA/CFD with real time problems and their solutions. All sessions are designed in such way that participants of various disciplines and with or without knowledge of FEA/CFD software can use it effectively.

Course contents

- Introduction to computational methods and it's applications
- Overview of different computational methods
- Application and importance of computational / Numerical analysis in real world design
- Introduction of CFD
- Applications of CFD
- Basic Governing Equations used in CFD
- General procedure to solve problems in any CFD software
- Hands on Fluid flow and Heat Transfer problems in Fluent Software.
- Introduction/ Overview of basic fundamentals of FEA and advanced FEA
- Modeling and analysis of real life problems in structural, thermal etc
- Hands on training with ANSYS
- Case studies on various 1D, 2D and 3D problem
- Application of FEA /CFD in real world design – Gas Turbine Engine Design
- Aviation Perspective in FEA / CFD

After successfully completed this STTP, participants are able:

1. To perform analysis, for optimization and decision making for real life engineering problems using advanced design tools like FEA and CFD software.
2. To control the solution of the problems & customizing it as per the requirement with best feasible balance between computation time and accuracy of the solution.

 "Computational Methods for Engineering Applications (CMEA 2016)"**

Respected Sir,

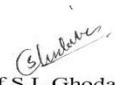

On behalf of our institute, we are very pleased to have the honor of inviting you to our institute for one week STTP on "Computational Methods for Engineering Applications (CMEA 2016)". We have organizing the workshop for all the Faculty members from various Engineering Institutes along with students during 27th To 31st December 2016. We expect you to share your knowledge of Finite Element Analysis and Computational Fluid Dynamics on 31st Dec. 2016.

Please accept our invitation and give your auspicious presence for the same.

Thanking you.

Yours Faithfully,

महोदय / महोदया,

उपरोक्त विषयासंदर्भात आपणास आदेशान्वये कळविण्यात येते की, आपल्या महाविद्यालयास सन 2016-2017 या शैक्षणिक वर्षातील खालील तरकाबाबध्द महाविद्यालयसमोर मंजूर केलेल्या शिक्षकांच्या कार्यशाळेसाठी आर्थिक सहाय्य मंजूर करण्यात आलेले आहे. सदर शिबीरसाठी मंजूर रकमेच्या 80% रकम ही तत्सलमात (ऑनलाईन) म्हणून महाविद्यालयास पाठवून देत आहोत.

सदर शिबीर आयोजित करताना सोबतच्या मार्गदर्शक सूचना विषयात येवून शिबीर आयोजनाची कार्यवाही करावी. शिबीर समाप्ती नंतर झालेल्या वर्षाचे उपयुक्तित्व प्रमाणपत्र (Utilization Certificate), शिबीराचा सविस्तर अहवाल, शिबीरास उपस्थित असणा-या शिबीरप्रार्थीच्या नावाची यादी, बीजभाषक रासम मार्गदर्शक तज्ञांच्या निबंधाच्या झेरॉक्स प्रती इ. कागदपत्रे विद्यापीठाकडे देण्याबाबत 10 दिवसांच्या आत पाठविण्याची कार्यवाही करावी ही विनंती.

तसेच कार्यशाळा आयोजनाच्या अनुषंगाने खालील बाबी विषयात घेणे गरजेचे आहे.

1. महाविद्यालयांनी कार्यशाळा आयोजन निश्चित करताना संबंधित अभ्यासक्रमाबाबत आपण व अधिष्ठाता यांच्याशी संपर्क साधून निश्चित करावा.
2. सहभागी शिक्षकांना छावण्याच्या उपस्थिती प्रमाणपत्रावर ना. आपण, संबंधित अभ्यासक्रमात याची सही घेण्यात यावी.
3. दिनांक 14 ऑगस्ट, 2016 पर्यंत वर्षासत्राचे आयोजन करण्यात यावे.

 Faculty Development Programme on "Recent Trends in Mechatronics using PLC"

The department Electronics and Telecommunication Engineering was started in 2009 with basic intake 60. The goal of department is to provide students basic knowledge of electronics and update their knowledge in innovations in telecommunication field. With the emerging needs of industries the institute has started use and shift for ICG in E&TC with intake 60 in 2012-13. The Post Graduate programme was started in E&TC with intake 18 in 2015-16. The department has highly qualified and experienced faculty. The department provide various equipments to students such as Wave Propagation Kit, CPLD/FPGA kits, JSDX and Mobile Trainer Kit, Microwave Test Bench, Antenna and RADAR trainer kit, MATLAB and OCTAB software etc.

A programmable logic controller (PLC), is an industrial digital computer which has been ruggedized and tailored for the control of manufacturing processes, such as assembly lines, or robotic devices, or any activity that requires high reliability control and ease of programming and process fault diagnosis. They have been widely adopted as high-reliability automation controllers suitable for harsh environments. A PLC's an example of "hard" real-time systems since output results must be produced in a response to input conditions within a limited time, otherwise an accident operation will result.

PLC Technology Research & Training, by, are conducting various technology training programs for institutions and industries.

Subject: - Permission for one day workshop on "Grid connected solar roof top & off grid projects."

Respected sir,

To concern with above subject we the faculties of Electrical Engineering Department want to organize one day work shop under lead college activities whose budget is already sanctioned by lead college committee members, for more evidences here with this application we are attaching the sanctioned letter from the committee members.

Sanct from

Today we had a discussion with Maharashtra Energy Development Agency (MEDA), Kolhapur but still date of conduction is to be finalized from their side. Regarding budget we will need at least 6500/- for the smooth conduction of workshop. The details regarding expenses are as follows,

Sr. No.	Particulars	Approximate Amount
1)	Remuneration	4000/-
2)	Banner Printing, Mementos & Invitations	1000/-
3)	Decoration Things	500/-
4)	Refreshment	1000/-
	Total	6500/-

Kindly give us the permission for conduction of workshop along with the budget sanction from our account department.

About the Institution

Sanjeevan Engineering and Technology Institute (SETI) is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur.

SETI is long cherished dream of Founder-Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from nook and corner of the country. Holy-wood Academy, Kolhapur known as Sanjeevan Knowledge City, Panhala, has the wings: Sanjeevan Public School, Sanjeevan Vidyaniketan, Chhatrapati Shivaji Junior College and Sanjeevan Engineering & Technology Institute (SETI).

SETI established in 2009, within shortest period of time, it has evolved into an institution imparting quality in technical education at undergraduate level. It has 6 UG & 2 PG, 2 Diploma departments about 90 talented, experienced and dedicated faculty and over 1500 students and several centers of excellence. SETI has an excellent ambience of library with digital books and online journals, advanced Core-2 Lab, Computer Lab and language lab, WI-FI Campus, modern approach and necessary equipments in laboratories, hospital, gymnasium, swimming pool, and outdoor stadium, bus facility for students and faculty from Kolhapur and 100% concession fees to university toppers and 50% concession fees for class toppers.

About the Department

The Electrical Engineering Department was established in 2010. The department of Electrical Engineering has an intake of 60 students. We proposed Ten well-equipped different laboratories like Electrical Machines, Power System, Control System, Switchgear and Protection, High Voltage lab., Basic Electrical & Electronics, Electrical Measurement & Measuring Instrument, etc. These labs mutually conform to not just the University curriculum but also industry requirements. In addition to this many additional extra curriculum activities that are being

conducted for the students to give them cut edge knowledge in the fast paced world of Electrical Engineering. And the results are clearly visible. We provide platform for students to prepare for qualifying in competitive exams like GATE, GRE, and TOEFL etc. For last year, many more students of this department have been securing ranks in the list of Shivaji University. A dedicated faculty, who are upgrading themselves, keeping pace with the global progress, drives the department. They have published many research papers at National level. The students too are motivated to present their research papers and projects at State and National level winning prizes. For instilling a sense of competence and make the learning more interesting the department has established Electrical Engineering Federal Association (EEFA), ISTE student chapters. The department has its own library with IEEE journals and transactions.

About the Workshop

Workshop is regarding grid connected solar roof top & off grid project which is now a days upcoming trends to overcome the problem of shortage of electricity as well as the problem of huge electricity bills come from supply authorities.

Who should attend

Faculty members from academic Institutes Scientists/Engineers working in Private / Public / Government Organizations / Industries, Research & Development establishments etc. can attend the workshop.

Coordinator Report

We the faculties of electrical engineering department has arranged an one day work shop for teaching & non teaching faculties for all colleges of Kolhapur cluster titled as "Grid Connected Solar Roof Top & off Grid Projects" dated on 11 March 2017. We have got a tremendous response from faculties, almost 60 faculties registered for the same & attended successfully.

Work shop was controlled & conducted by two expertise from Continual, Renewable Energy Pvt. Ltd., one of the leading private company in Solar roof tops project installation. The names & designations of expertise are Mr.Sunil Koli (Director) & Mr.Sandeep Jangam (Director).

Till the date they have installed so many solar roof tops projects all over the Maharashtra. Recently they are installing solar roof tops project in SGI, Atigre for 500 kW capacity.

The major topics covered under workshop,

- 1) Net metering system which is up going trend in MSEB to reduce the overburden of electricity bills from customer head.
- 2) Different motivational schemes of government for the promotions of more & more usages towards the solar energy.
- 3) Detailed procedure regarding an implementation of Net metering system.
- 4) Case study of already installed solar roof tops project in Kurundwad.

In all the responses & feedbacks from the faculties who have attended the work shop was good & suggested to rearrange the same work shop again for more days so that all the doubt will get clear in detail.

About the Institution	About Workshop	Sanjeevan Engineering & Technology Institute, Panhala
<p>Sanjeevan Engineering and Technology Institute (SETI) is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. Sanjeevan Engineering & Technology Institute (SETI) is long cherished dream of Founder-Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from nook and corner of the country. Holy-wood Academy, Kolhapur known as Sanjeevan Knowledge City, Panhala, has the wings : Sanjeevan Public School, Sanjeevan Vidyaniketan, Chhatrapati Shivaji Junior College and Sanjeevan Engineering & Technology Institute (SETI).</p> <p>SETI established in 2009, within shortest period of time, it has evolved into an institution imparting quality in technical education at undergraduate level. It has six Under Graduate & Two Post Graduate, Two Diploma departments about 96 talented, experienced and dedicated faculty and over 1500 students and several centers of excellence. SETI has an excellent ambience of library with digital mode and online journals, advanced Core-2 Duo Computer Lab and language lab, WI-Fi Campus, modern approach and necessary equipments in laboratories, hospital, gymnasium, swimming pool, and outdoor stadium, bus facility for students and faculty from Kolhapur and 100% concession fees to university toppers and 50% concession fees for class toppers.</p>	<p>LaTeX is a high-quality typesetting tool, which is used for the communication and publication of scientific documents in many fields. It is widely used in academia and can also be used as a standalone document preparation system. LaTeX also has a prominent role in the preparation and publication of books and articles that contain complex multilingual content or mathematical formulae or both. LaTeX is the de facto standard for the communication and publication of scientific documents. LaTeX is available as free software.</p> <p>Who should attend</p> <p>This workshop is specifically designed for PG Student & Ph. D. **A Report
On
Faculty development program ON “LATEX”
By
Department of Computer Science & Engineering, SETI Panhala**

Date: 23rd & 25th December, 2016

Venue: Central Computing facility Lab. SETI, Panhala.

Expert Faculty: Asst. Prof. Sunil More

Mode of program conduction: Presentation and Hands on Practice Mode

Registered Participants: 23

Present Participants: 20

Objectives of the program

In this program all the participants will learn to

- Gain the knowledge about documentation on open source tool.
- Develop a basic understanding of Latex
- Make efficient use of LATEX tool for academic activities.

Introduction

The faculty development program took place on 23rd & 25th December 2016 at Central Computing facility Lab. SETI, Panhala. The resource person started the preparation one day before the schedule in order to setup the necessary environment.

Agenda

The expert resource person was agreed a draft agenda prior to the program, which was approved by the participants, as follows:

Day 1

- Opening and Introduction
- Introduction to LATEX
- Basics of typesetting in LATEX.
- BibTEX: Manage bibliography, citations and references.

Day 2

- Advanced Features: Graphics & Diagram
- Preparing conference paper

A Faculty development program on LATEX

- Using LATEX for teaching.

Technical arrangements done for the workshop

Total 30 Computers were arranged for practicals, LCD projector was arranged for lectures and demonstrations etc.

Feedback from Participants

Participants experienced a special hands on practice learning session through which they got a better understanding of Latex tool and applications for it. Participants understood the importance of Latex in academic documentation work. The content delivery was as per the needs of every participant along with the huge interaction.

Certificate of Participation

The participants were given a certificate of participation.

Workshop Outcome

Every participant edited research paper on Latex and got the knowledge about, how to insert image, sub images, equation, table, cross reference in research paper. Now they can insert all these confidently in any kind of latex format of IEEE, Elsevier and Springer. We also used sharelatex.com to use online tool for perform all above mentioned operation.

Conclusion

The Department of Computer Science & Engineering has organized a faculty development program on Latex. The aim was to provide hands on practice to the faculties of SETI Panhala on the aspects of doing documentation work on open source, scientific tool. This workshop targets those faculties and research scholars who are not at all familiar with Latex

Resource Persons : Mr. S. S. Vathare,Dr. S. G. Bhatwadekar,Dr. V. D. Shinde,Mr. N.R. Bhosale,Prof. M. V. Kavade
Co-ordinator : Prof. A.N.Naik

Programme details:
 One week STTP programme on "Recent Trends in Manufacturing Processes" dated on 02/01/2017 to 06/01/2017 at Seminar Hall, Sanjeevan Engineering & Technology Institute, Panhala.

The Resource person for this STTP programme was **Mr. S. S. Vathare,Dr. S. G. Bhatwadekar,Dr. V. D. Shinde,Mr. N.R. Bhosale,Prof. M. V. Kavade.**

For this programme around 37 faculties were present from SETI,Panhala as well as faculties from other Engineering colleges of Mechanical Engineering Department. The event was inaugurated by chief guest Dr. S.H.Sawant with Dr. G. V. Mulgund , Principal , SETI, Panhala.

Our Resource persons Mr. S. S. Vathare,Dr. S. G. Bhatwadekar,Dr. V. D. Shinde,Mr. N.R. Bhosale,Prof. M. V. Kavade delivered the sessions on Metallurgical Aspects & Analysis of Casting Defects ,Flexible Manufacturing Systems,Advanced Melting and Casting Techniques,Recent Trends in Manufacturing,Response Surface Methodology in Manufacturing respectively,these sessions were fruitful for the faculties of mechanical engineering for the enhancement in knowledge of manufacturing processes.

Faculties of our department learned and enjoyed the sessions enthusiastically. This programme will be useful for all mechanical faculties .

The vote of thanks expressed by Prof. A.N.Naik.

refreshing and scintillating natural beauty attract tourists from every nook and corner of the world. Panhala is gifted with unmatched beauty in the world. Its pristine hills, beautiful valleys, eye-catching monuments of bygone era are still untouched, pure and safe. Nature is always at its best, which make tourists visit this place as the mercury level rises up.

About the FDP Theme
 Green technology, an eco-friendly clean technology contributes to sustainable development to conserve the natural resources and environment which will meet the demands of the present and future generations. Renewable energy has been identified globally as a key driver to achieve economic growth while ensuring minimal environmental harm. Simultaneously, the current development of green technology and its related policies have enhanced the growth of renewable energy in the country.
 Renewable energy has been identified globally as a key driver to achieve economic growth while ensuring minimal environmental harm. Simultaneously, the current development of green technology and its related policies have enhanced the growth of renewable energy in the country. Renewable energy has been identified as the future to power world growth. It has been acknowledged that renewable energy could be a key driver in maintaining the delicate balance of economic development that would be anticipated to grow alongside the exponential rise of the global human population and climate change. Among the various forms of renewable energy of interest are biofuels, biomass, wind, solar, hydroelectricity and geothermal sources. In order to harness the potential of renewable energy into reality, the term 'green technology' has thus been coined.

GIS Workshop Note

Workshop Name: One-Week Workshop on “Geo-Information and Geo-Design”

Dates of Workshop:
2nd Feb to 9th Feb 2016

Attendees:

1. P.G. Students and research scholars
2. Faculty from various disciplines (Geography, Geology, Engineering etc.)
3. Industry experts from various domains
4. Entrepreneurs interested in Geospatial technology and its implementation

Summary:

Theory of Geo-Information and Geo-Design is derived in the twentieth century. In past few years, momentum has gained towards standardizing its framework.

Geo-Design is undoubtedly the new way to design our future yet it has been proceeding since many years. It amalgamates various silos of human development phases like Planning, Design and Analysis into a single yet powerful system enhancing sustainability in design. With the progress of data collection, data availability, technology, analysis capabilities and visualization, Geo-Design holds the capacity to achieve a balance between human development and nature.

This workshop will investigate the concept, framework and components of GIS, Remote Sensing and Geo-Design. It will focus to bring various domains together with Geo-Information Technology using Geo-Design as the way to move ahead.

Objectives:

1. Introduce faculty and industrial persons with theory and practical concepts of GIS, GPS and Remote Sensing technologies.
2. Showcase of projects, which have successfully applied the concepts of Geo-Information to solve real life problems.
3. Enhance inter disciplinary interaction (Geography, Geotechnical, Planning, Water Resource Engineering, Transportation etc.) towards Geo-Design.
4. Brainstorm into new application areas within Geo-Information and Geo-Design for future projects.

Contents of Workshop:

1. Theoretical understanding of Photogrammetry and Remote Sensing, its types and field applications.
2. Terminology, advantages, basic components of GIS, GIS analysis and applications of GIS software in various fields.
3. The concept, framework and components of Geo-Design.

Subject: Regarding Expenditure of Faculty Development Program.

Respected Sir,
I undersigned Prof. J. B. Metkari working as Asst. Prof. & HOD CSE department. The department had organized one week FDP on "Data Mining and Hadoop" during 29th Dec 2015 to 2nd Jan 2016. For the same I had taken Rs. 10000/- as advance from the Institute. The details of expenditure is given below:

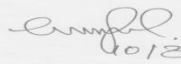

Sr. No.	Particular	Amount
1.	Resource Person Remuneration Dr. P. J. Kulkarni	5000/-
2.	Resource Person Remuneration Dr. D. V. Kodavade	4000/-
3.	Registration Kit for Participants 1. 25 Pads 2. 25 Folders 3. 25 Pens	1000/-
Total		10000/-

Bills for the same are attached herewith. So kindly consider my application and do the needful.

Thanking you.

Yours Faithfully,

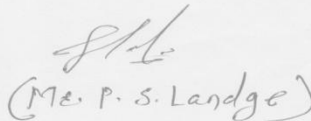

Prof. J. B. Metkari

About Workshop:- This workshop was mainly Conducted for Class B.E. Student to gain Basics & Fundamentals of MATLAB SIMULATION.

Sessions & Contents:-

Time	Day 1 24 th feb 2017
10:15 AM – 10:30 AM	Tea Refreshment
10:45 AM – 11:00 AM	Guest Introduction & Felicitation
11:00 AM- 1:00 PM	Introduction to MATLAB, Basics of MATLAB.
1:00 PM- 2:00 PM	Lunch Break
2:00 PM- 4:00 PM	Advance Plot Commands in MATLAB Different Plot Commands in MATLAB with Examples
4:00 PM- 4:15 PM	Tea Break
4:15 PM- 5:30 PM	Control System Application of MATLAB, Examples

Time	Day 2 25 th feb 2017
9:15 AM- 9:30 AM	Tea Refreshment
9:30 AM- 11:15 AM	Introduction to Simulink, Power systems Application using Simulink
11:15 AM- 11:30 AM	Tea Break
11:30 AM- 1:30 PM	Power Electronics Application using Simulink
1:30 PM- 2:15 PM	Lunch Break
2:15 PM- 4:00 PM	Power Electronics Application using Simulink , Harmonics Basics, Wavelet Transform Basics using Simulink
4:00 PM- 4:15 PM	Valedictory Function

IETE Sponsored One Week Faculty Development Programme

Title of FDP: Applications In Engineering Based On MATLAB

Duration: Dec. 21st to Dec. 25th, 2015

Resource Person: Prof. Mushtak Y. Gadkari, HOD (IT Dept.), Rajendra Mane College of Engineering & Technology (Ambav), Ratnagiri.

HOD: Prof. Vikas S. Mane (E&TC) and Prof. Manisha R. Kandgaonkar (Electrical)

Coordinators: Prof. Poonam Y. Bhosale (E&TC) & Prof. Abhijeet P. Redekar (Elect)

FDP Details:

The department of Electrical and Electronics & Telecommunication of IETE Kolhapur Sub-centre organized IETE sponsored One week Faculty Development Programme on "Applications In Engineering Based On MATLAB" during 21st to 25th December, 2015 at Sanjeevan Engineering and Technology Institute, Panhala. The chief guest and resource person for the FDP was Prof. Mushtak Y. Gadkari, RMCET (Ambav), Ratnagiri.

For this FDP ~~at~~ around 35 faculty members were present from ^{various colleges like} Bharati Vidyapeeth's College of Engineering, Kolhapur, Nanasaheb Mahadik College of Engineering, Peth-Naka, DKTE, Ichalkaranji and SETI, Panhala. This event was Inaugurated by Dr. G. V. Mulgund, Principal SETI, Panhala, Academic Dean Mrs. T. T. Mohite-Patil, Prof. Vikas S. Mane HOD E&TC and Prof. Manisha R. Kadgaonkar HOD Electrical. Resource person Prof. Mushtak Y. Gadkari delivered the sessions for five days on Basics of MATLAB, Control Systems, Filter Design, Image Processing, GUI and Simulink etc. This FDP will be useful for faculty for their research work and carrier development. This FDP was co-ordinated by Prof. Poonam Y. Bhosale and Prof. Abhijeet P. Redekar.

Subject: Budget for 1 Week FDP on MATLAB.

Dear Sir,

As per subject mentioned above the Electrical & E&TC has organized a 1 week Workshop on MATLAB. We are happy to inform you that workshop has been successfully completed on date 25th, December 2015.

For this workshop you have already approved budget rupees (32*800=25,600) this budget detail we have mentioned below.

The details of the budget are as follows,

Sr. No.	Particulars	Qty	Amount (Rs.)
1	Honorarium		7,500.00
2	Breakfast & tea & Lunch	32	9,600.00
4	Workshop Kit (Notepad, Pen, File Folder)	35	2,400.00
5	Certificates	40	400.00
6	Flex	1	400.00
7	Miscellaneous		1900.00
Total			22,200.00
Balance			3,400.00

Kindly consider the same and do the needful.

Thank you.

Subject: Budget for 3DayWorkshop on MATLAB.

Respected Sir,

As per subject mentioned above the Electrical & E&TC are organizing a 3 Day Workshop on MATLAB. We are inviting Dr.D.S.Aldar, K.B.P.,Satara as the resource person. We are planning to schedule this Workshop from 21st to 23rd Dec. 2015.

The details of the budget are as follows,

Sr. No.	Particulars	Qty	Amount (Rs.)
1	Honorarium	3 Days	6,000.00
2	Breakfast & tea	40	3600.00
3	Lunch	40	9600.00
4	Workshop Kit (Notepad, Pen, File Folder)	40	1200.00
5	Certificates	40	500.00
6	Flex	1	500.00
7	Brochure	20	200.00
7	Miscellaneous		2000.00

About the Institution

Sanjeevan Engineering and Technology Institute (SETI) is an establishment of Sanjeevan, meets the needs of technology driven modern 21st Century. The Institute is approved by All India Council for Technical Education, New Delhi, recognized by Directorate of Technical Education, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. Sanjeevan Engineering & Technology Institute (SETI) is long cherished dream of Founder-Chairman Mr. P. R. BHOSALE, an educationalist having experience about two decades. His aim is to impart quality education to the students from nook and corner of the country.

Holy-wood Academy, Kolhapur known as Sanjeevan Knowledge City, Panhala, has the wings : Sanjeevan Public School, Sanjeevan Vidyanketan, Chhatrapati Shivaji Junior College and Sanjeevan Engineering & Technology Institute (SETI).

SETI established in 2009, within shortest period of time, it has evolved into an institution imparting quality in technical education at undergraduate level. It has 6 UG & 2 PG, 2 Diploma departments about 96 talented, experienced and dedicated faculty and over 1500 students and several centers of excellence. SETI has an excellent ambience of library with digital mode and online journals, advanced Core-2 Duo Computer Lab and language lab, Wi-Fi Campus, modern approach and necessary equipments in laboratories, hospital, gymnasium, swimming pool, and outdoor stadium, bus facility for students and faculty from Kolhapur and 100% concession fees to university toppers and 50% concession fees for class toppers.

About the FDP theme

Now a days programming knowledge has become very essential for engineering professionals as well as scientists and researchers to develop simulation models, performing analysis, optimization & decision making. Knowledge of using modeling packages like AutoCAD, Pro/E, SolidWorks, CATIA, MS-Excel etc. is not sufficient. Engineering professionals, scientists and researchers are also expected to know, how to control the package by programming and customizing it as per the requirement. Many times data exchange between different software packages has become necessary to utilize expertise of different software packages and requires a neutral software tool like MATLAB/SCILAB to take the input from software, perform computations and output the results to another software package. MATLAB and SCILAB are excellent tools for visualization and manipulation of engineering data as well as performing various engineering computations. Software modules are also developed using GUI of MATLAB. It also provides various tool boxes to perform specialized computations. The workshop information brochure can be downloaded from www.seti.edu.in

Who should attend

Faculty members/research scholars from academic Institutes and Scientists/Engineers working in Private/Public/Government Organizations/Industries, Research & Development establishments etc. can attend the workshop. As the training program is of interdisciplinary in nature, students of disciplines like Electrical, Electronics, etc. are encouraged to participate. This workshop will provide preliminary and advanced knowledge about the use and application of MATLAB with real time problems and their solutions in terms of programs. Workshop is designed to give fluency in MATLAB programming, including introduction to popular toolboxes. All sessions are designed in such a way so that participants of different discipline and with or without prior knowledge of MATLAB Programming can use MATLAB effectively.

Course contents and methodology

It is hands-on experience oriented programming skill development program with exhaustive application specific programming exercises. Course will be beneficial to beginners of MATLAB as well as practitioners of different domain. Teaching methodology will be adopted in such a manner so that all can cope up even those who do not possess any prior knowledge of programming. Case studies of advanced application of MATLAB will be presented. Course content will cover basic introduction to MATLAB, use of various commands, logical operators, functions, arrays, loops etc., printing, plotting visualization using MATLAB, data input/output in various format, generating executable files and stand-alone applications, building Graphical user interface (GUI) etc., with exhaustive sample programs and exercises.

THE TOPICS TO BE COVERED:

- MATLAB Basics
- Signals and systems
- Filter Design
- Power Systems
- Control Systems
- Power Electronics and Drives (Rectifier, Inverter & Chopper circuits, AC & DC Machine Modelling)
- Renewable energy (Modelling of wind farm)

IETE Sponsored One Week Faculty Development Programme

Title of FDP: Applications In Engineering Based On MATLAB

Duration: Dec. 21st to Dec. 25th, 2015

Resource Person: Prof. Mushtak Y. Gadkari, HOD (IT Dept.), Rajendra Mane College of Engineering & Technology (Ambav), Ratnagiri.

HOD: Prof. Vikas S. Mane (E&TC) and Prof. Manisha R. Kandgaonkar (Electrical)

Coordinators: Prof. Poonam Y. Bhosale (E&TC) & Prof. Abhijeet P. Redekar (Elect)

FDP Details:

The department of Electrical and Electronics & Telecommunication of IETE Kolhapur Sub-centre organized IETE sponsored One week Faculty Development Programme on "Applications In Engineering Based On MATLAB" during 21st to 25th December, 2015 at Sanjeevan Engineering and Technology Institute, Panhala. The chief guest and resource person for the FDP was Prof. Mushtak Y. Gadkari, RM CET (Ambav), Ratnagiri.

For this FDP ~~at~~ around 35 faculty members were present from ^{various colleges like} Bharati Vidyapeeth's College of Engineering, Kolhapur, Nanasaheb Mahadik College of Engineering, Peth-Naka, DKTE, Ichalkaranji and SETI, Panhala. This event was Inaugurated by Dr. G. V. Mulgund, Principal SETI, Panhala, Academic Dean Mrs. T. T. Mohite-Patil, Prof. Vikas S. Mane HOD E&TC and Prof. Manisha R. Kadgaonkar HOD Electrical. Resource person Prof. Mushtak Y. Gadkari delivered the sessions for five days on Basics of MATLAB, Control Systems, Filter Design, Image Processing, GUI and Simulink etc. This FDP will be useful for faculty for their research work and carrier development. This FDP was co-ordinated by Prof. Poonam Y. Bhosale and Prof. Abhijeet P. Redekar.

तंत्रज्ञानातील क्रांतीसाठी 'मॅटलॅब' उपयोगी सॉफ्टवेअर - प्रा. गडकरी

प्रतिनिधी पन्हाळा

विद्युत आणि विद्युत परमाणू शाखेमध्ये नवनीत संशोधन होत आहे. तंत्रज्ञानात क्रांती घडवायची असेल तर संशोधनासाठी मॅटलॅब हे एक उपयोगी सॉफ्टवेअर ठरेल, असे प्रतिपादन मुंबई विद्यापीठाचे प्रा. मुश्ताक गडकरी यांनी पन्हाळा येथील संजीवन अभियांत्रिकी महाविद्यालयाच्या ऑनलाइन इन इंजिनियरिंग बेसड ऑन मॅटलॅब या कार्यशाळेच्या आयोजित सांगता शमारांप्रसंगी व्यक्त केले. अध्यक्षस्थानी संजीवनचे प्राचार्य जो. व्ही. मुलगुंड होते.

या कार्यशाळेमुळे प्राध्यापकांच्या संशोधन वृत्तीला चालना मिळेल, असे मत प्राचार्य जो. व्ही. मुलगुंड यांनीही आपल्या मनोगतातून व्यक्त केले. यावेळी विद्युत परमाणू विभागाने

विभागप्रमुख प्रा. विकास माने व प्रा. मनिषा काडगावकर यांनी आपले मनोगत व्यक्त केले. या कार्यशाळेचे आयोजन शिवाजी विद्यापीठातील प्राध्यापकांसाठी विद्युत आणि विद्युत परमाणू शाखेत केले होते. या पाच दिवसांच्या कालावधीमध्ये पार पडलेल्या सदरच्या कार्यशाळेचा लाभ विद्यार्थी व प्राध्यापकांनी घेतला.

कार्यशाळेस शिवाजी विद्यापीठातील व संजीवन अभियांत्रिकी महाविद्यालयातील प्राध्यापक वर्ग उपस्थित होता. या कार्यशाळेस संस्थेचे नेअरमन पी. आर. भोसले व सहसचिव एन. आर. भोसले यांचे सहकार्य लाभले. कार्यक्रमाचे सूत्रसंचालन प्रा. सुरज शिंदे व प्रास्ताविक प्रा. पूनम भोसले यांनी केले तर आभार प्रा. अभिजित रेडकर यांनी मानले.

To,
The Principal,
Sanjeevan Engineering & Technology Institute, Panhala.

Subject: Regarding the permission for "One day workshop on LibreOffice Open Source Office Suit"

Respected Sir,

Department of Computer Science & Engineering is organizing "**One day Workshop on LibreOffice Open Source Office Suit**" for non-teaching staff of SETI Panhala on 19th February 2015. No registration fees will be for workshop. It will be very beneficial for non-teaching staff of SETI to maintain the documentation work of the department office very smoothly. Prof.M.M.Hajare will be the resource person for this workshop. He is having vast experience in the open source technologies. So, we request you to permit us to organize the workshop.

Venue: CCF Lab. CSE Dept.

Date & Time: 19th Feb. 2015 10:30 AM

Thanking You
