

- Q.1 Zeolite process
- Q.2 Hot lime soda process
- Q.3 Disadvantages of hard water
- Q.4 Water system
- Q.5 Definitions of :Phase ,component, degree of freedom ,ohms law,sp.resistance ,sp.conductance,equivalent conductance n Mol.conductance.
- Q.6 Reduced phase rule
- Q.7 dry (or) wet corrosion
- Q.8 prevention of corrosion
- Q.9 Classification of coal
- Q.10 caloric value
- Q.11 explain good fuel
- Q.12.Glass electrode
- Q.13 conductometric titration
- Q.14 Whetstone bridge
