“Two Way Slab Design using Excel”

Organised by: Civil Department, SETI, Panhala

Event Coordinator: Prof. S. S. Chavan

Date of Event: 7th, 8th, 15th, 21st and 22nd October 2023

Venue: Civil Department

The hands-on workshop on EXCEL are meant for all those who are working on one or other Spreadsheet product. The workshop is designed to achieve the confidence and practice to draft a Two way Slab using various commands used consecutively. Workshop focuses on developing Excel sheet to analysis and design a two way slab for various end conditions. Also, it focuses on Steel to be provided in the slab. Workshop emphasizes lectures on Slab Design considering loading from actual project by A. C. Thoke, Slab designing as per IS 456:200 by Prof J. S. Mevekari and Excel utilization for two way slab By Prof S. S. Chavan. The workshop was organized under the guidance of Principal Dr. S. N. Jain, Vice-Principal Dr. S. G. Sapate, Dean Academics Prof. E. P. Salokhe, Head of Department Dr. M. N. Hiremath and Coordinator Prof. S. S. Chavan
